Just DON'T  
Question Evolution!!

the cell requires over  
1,000 processes to stay  
alive - if one is  
lost - life - all 1,000+  
must evolve at our  
time - impossible

Sorry, but the Cambrian  
Explosion basically kills the  
theory. Not to mention the  
fossil record, or the lack  
of feasibility of practical  
evolution even in single-cell  
organisms. The odds are so  
astronomically against the classical  
Theory producing any competent  
organisms are trillions to one.

I respect the theory

Darwin's evolutionary  
theory is the only the-  
ory backed with sound  
scientific data. Evolution  
can be seen on micro-  
and macro level.

Question Evolution!!  
the cell requires over
